

*Character, Customer Service, Employee Owned*

**Southwest's Most Progressive Distributor of Plumbing, Electrical, & HVAC Supplies  
Over 200 Branches Serving a 6 State Area**

August 7, 2025

To Whom It May Concern,

I am writing to recommend Van Hoose Construction based on my experience working with them on the Locke Supply Co. Headquarters and Distribution Center, a 1.5 million square foot facility on 93 acres at 8811 S. Bryant Avenue in Oklahoma City. Their work was consistently reliable and professional.

Throughout the project, from planning to completion, Van Hoose Construction demonstrated strong organization, technical skills, and a commitment to quality. They completed the project on schedule, within budget, and to a high standard of craftsmanship. Their communication was clear, addressing issues promptly and keeping our team informed.

Van Hoose Construction paid close attention to detail, delivering a facility that met both functional and aesthetic requirements. They effectively managed subcontractors, maintained a safe and orderly jobsite, and ensured compliance with all applicable codes and regulations.

I would confidently hire Van Hoose Construction for future projects and recommend them to those seeking a dependable contractor.

Please contact me if you would like additional information or specifics.

Sincerely,

John Orman III  
President & CEO
